## Light Seedy Glass Window Film Specification Sheet

### Product Details

Light Seedy Glass is a lightly textured, transparent film made from durable polyester that provides a softened, distorted view. This film is 100% UV stabilised, will not discolour or shrink, and is supplied with a silicone coated liner which protects the clear, pressure-sensitive acrylic adhesive.

### Flammability Rating

This product meets Class B, s1, d0, as specified in BS EN 13501-1:2018.

**LEED Credit EQ 4.1 Low Emitting Materials, Adhesives & Sealants** This product has zero VOC content according to 40 CFR 59, Subpart D (EPA method 24).

### Specification

|                            |                    |
|----------------------------|--------------------|
| Product Code               | SGC-6528           |
| Film Type                  | Polyester          |
| Adhesive Type              | Pressure-sensitive |
| Usage                      | Interior           |
| Available Roll Width(s)    | 73.6cm / 29"       |
| Thickness                  | 50 micron          |
| Visible Light Transmission | 90%                |
| UV Transmission            | 1%                 |
| Solar Energy Absorbed      | 28%                |
| Solar IR Energy Rejected   | 15%                |

### Installation & Warranty

#### Installation

Installation should be in accordance with the manufacturer's installation instructions. This film is applied using the same methods used for installing window films.

#### Warranty

This product will be free from defects in material and manufacture for a period of five (5) years from the date of installation. See warranty information for specific details.

### Product Construction

#### Face Film

50 micron Polyester

#### Adhesive

Clear, Pressure-sensitive

#### Release Liner

Silicone Coated
